FOR IMMEDIATE RELEASE

RMC Presenting at IAFP 2017

June 5, 2017 Rochester, NY... Rochester Midland Corporation (RMC) is exhibiting at the International Association of Food Protection (IAFP) Annual Meeting, in Tampa, July 9-12, at Booth 520. Griffin Jadwin, a Microbiologist from Rochester Midland, will also present a poster on “A Benchtop Drain System to Benchmark Efficacy of Chemicals in Drain Sanitation.”

The RMC exhibit will feature AuditGuard, a component of our BrandGuard Food Safety program. AuditGuard identifies food safety program discrepancies against GFSI standards and closes the gap through education and training.

Mr. Jadwin’s poster evaluates foam cleaners and biocidal compounds on the reduction of pathogens in *E. coli*, *L. monocytogenes* and *S. typhimurium* based biofilms in simulated industrial food processing plant drain systems.

IAFP 2017 will be attended by more than 3,400 of the top industry, academic and governmental food safety professionals from six continents. For more information go to: <https://www.foodprotection.org/annualmeeting/>

Rochester Midland Corporation’s BrandGuard® program is a HACCP and GMP-based food safety and sanitation program designed to support SQF, BRC and other GFSI standards. We partner with food and beverage manufacturers looking for a comprehensive and quality sanitation program that is focused on innovative chemical cleaning options, process improvements, training, technical support, sustainable solutions, and safety.

RMC, founded in 1888, is a leading manufacturer of specialty chemicals for food sanitation, industrial cleaning and water treatment as well as specialty institutional cleaning products. Rochester Midland is the leader in Green Housekeeping and manufactures Enviro Care®, an extensive line of environmentally preferable products for all markets, as well as many other bio-based products. For more information on the BrandGuard program, please contact Lauri Calarco @ 585-336-2310 or lcalarco@rochestermidland.com.
