

# Oxygen-Pro

Sustainable Solutions for Health, Productivity and the Environment.

World's Best  
Odor Control System  
Continuous Fresh Scent & Odor Control

# Reliable. Effective. Economical. Safe. Eco-Friendly.

## Reliable Performance

Oxy-Gen Powered is the only technology that guarantees the delivery of fragrance in the air continuously, consistently and accurately for the entire duration of the cartridge life.

This precise technology is based on a fuel cell technology that is used in the pharmaceutical industry to deliver drugs to human beings and animals.

Oxy-Gen Powered technology is simple, reliable and cost-effective.

## One Dispenser...

Oxy-Gen Pro is the perfect odor control system for any establishment.

Visual light indicators provide cartridge and battery replacement reminders

Unit locks for safety

“ Servicing Oxy-Gen Pro is so easy with no complicated programming. It takes just a few seconds to fit a new cartridge. ”

## Easy to Install & Service

The dispenser can be easily mounted on the wall using double-sided tape or screws. The simple push and go format ensures that it is easy to replace cartridges or batteries.

Push the cartridge cap down and twist clockwise, until the cap rotates freely.

Use the two ribs at the bottom of the cartridge as a guide to slide the cartridge into the dispenser until it locks in place. Close the dispenser cover.

A flashing green light indicates proper installation.

## Lowest Cost-in-use

When using the Grande cartridge, the dispenser works for 60 days. The cartridge contains 35 ml of pure fragrance oil, that is approximately 7 times more fragrance oil than a standard metered aerosol can.

## Effective Fragrance & Odor Elimination

All Oxy-Gen Pro cartridges contain Neutra-lox, a proprietary ingredient that works with fragrance oils on targeted malodors by locking in the malodor molecules, neutralizing them and releasing a pure, fresh scent into the air. Neutra-lox is extremely effective against the smell of urine, feces, body odor, tobacco, pet malodor, kitchen odor, mold and mildew, etc. Unlike other systems that only mask odors, Oxy-Gen Pro cartridges eliminate odors and releases fragrance effectively.

## Specific Malodor Eliminators

For facilities that desire specific malodor eliminators without any fragrance or a very low fragrance, a choice of two new cartridges are available in the Oxy-Gen Pro cartridge range.

## Coordinate Overall Odor Control

**Gallon Concentrates**

- Fragrance Booster
- With Nanolock odor neutralizing technology

**Breeze 2.0 Urinal Screen**

- Splash Free design
- Water displacement bristles
- 30% more volume than competitors

**Breeze Bowl Clips**

- Clip securely under toilet seat facing outward
- Do not dissolve when wet

“ Malodors have decreased significantly, leaving a pleasant fragrance surrounding the care home. ”

### Glow

PC#11991186

Juice black cherries with a hint of almond, plum, vanilla, and cinnamon spice

### Spa

PC#11991386

A fresh, invigorating scent with fragrant lavender and spicy herbs.

### Tang

PC#11991486

An intensely fruity perfume with hints of orange supported by warm spices.

### Glee

PC#11991086

A sophisticated fragrance that combines fresh apple notes with amber and spices.

### Charm

PC#11990986

A fantasy melon fragrance modified with cool green notes, a hint of citrus and a slightly floral background.

### Neutra-lox

PC#11991286

An extremely high concentrate of neutra-lox with just a hint of lemongrass fragrance.

# Safe

With no added solvents and no alcohols, the Oxy-Gen Pro cartridges contain 100% pure fragrance oil and are a safe choice for any facility. Since the cartridges are not pressurized containers, they are safe to transport and store.

# Eco-Friendly

Unlike aerosols, the Oxy-Gen Pro system does not contain any CFCs, has no added VOCs or propellants, no 'spray and fade effect' and 'no noise'. A fresh, constant level of fragrance is released continuously, consistently and discreetly. The cartridges can be safely disposed of in a plastic recycling bin at the end of the cartridge life.

## Ideal For

Educational Institutes

Health Care

Hospitality

Distributors

Health & Fitness

Retail Parks & Shopping Malls

Building Service Contractors / Facility Management / Hygiene Services

Food Service

Transport Sector

“Another great feature of the product is the management and reminder system as it alerts when the cartridge needs to be replaced. One less problem to worry about!”
